HOW TO REPLY TO THIS NOTICE:

I. Review the ENTITY STATUS shown above. If the ENTITY STATUS is shown as SMALL or MICRO, verify whether entitlement to that entity status still applies.
If the ENTITY STATUS is the same as shown above, pay the TOTAL FEE(S) DUE shown above.
If the ENTITY STATUS is changed from that shown above, on PART B - FEE(S) TRANSMITTAL, complete section number 5 titled "Change in Entity Status (from status indicated above)".

Determination of Patent Term Adjustment under 35 U.S.C. 154 (b)

(Applications filed on or after May 29, 2000)

The Office has discontinued providing a Patent Term Adjustment (PTA) calculation with the Notice of Allowance.

Section 1(h)(2) of the AIA Technical Corrections Act amended 35 U.S.C. 154(b)(3)(B)(i) to eliminate the requirement that the Office provide a patent term adjustment determination with the notice of allowance. See Revisions to Patent Term Adjustment, 78 Fed. Reg. 19416, 19417 (Apr. 1, 2013). Therefore, the Office is no longer providing an initial patent term adjustment determination with the notice of allowance. The Office will continue to provide a patent term adjustment determination with the Issue Notification Letter that is mailed to applicant approximately three weeks prior to the issue date of the patent, and will include the patent term adjustment on the patent. Any request for reconsideration of the patent term adjustment determination (or reinstatement of patent term adjustment) should follow the process outlined in 37 CFR 1.705.

Any questions regarding the Patent Term Extension or Adjustment determination should be directed to the Office of Patent Legal Administration at (571)-272-7702. Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at 1-(888)-786-0101 or (571)-272-4200.

## OMB Clearance and PRA Burden Statement for PTOL-85 Part B

The Paperwork Reduction Act (PRA) of 1995 requires Federal agencies to obtain Office of Management and Budget approval before requesting most types of information from the public. When OMB approves an agency request to collect information from the public, OMB (i) provides a valid OMB Control Number and expiration date for the agency to display on the instrument that will be used to collect the information and (ii) requires the agency to inform the public about the OMB Control Number's legal significance in accordance with 5 CFR 1320.5(b).

The information collected by PTOL-85 Part B is required by 37 CFR 1.311. The information is required to obtain or retain a benefit by the public which is to file (and by the USPTO to process) an application. Confidentiality is governed by 35 U.S.C. 122 and 37 CFR 1.14. This collection is estimated to take 12 minutes to complete, including gathering, preparing, and submitting the completed application form to the USPTO. Time will vary depending upon the individual case. Any comments on the amount of time you require to complete this form and/or suggestions for reducing this burden, should be sent to the Chief Information Officer, U.S. Patent and Trademark Office, U.S. Department of Commerce, P.O. Box 1450, Alexandria, Virginia 22313-1450. DO NOT SEND FEES OR COMPLETED FORMS TO THIS ADDRESS. SEND TO: Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450. Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

## ALLOWANCE

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in an interview with Steven Rinehart #61403 on 12/4/2017.

The application has been amended as follows:

The Abstract, Line 1, has been amended as follows: "heating element roughly circumscribing".

The Specification, Par. [0029] Line 4, has been amended as follows: "~~Kantha~~ KANTHAL<sup>®</sup>"

Claim 1 has been amended as follows:

"1. A retrofit vehicular LED light base with heating means, the LED light base comprising: a planar top surface; a plurality of LEDs mounted to the planar top surface; a plurality of cylindrical posts protruding upwardly from the planar top surface, each post defining a concave recess for receiving a flexible heating element; a flexible heating element strung around the posts, the flexible heating element roughly circumscribing the planar top surface, wherein the flexible heating element ~~dissipates~~ emanates heat to a housing; a thermostatic switch affixed to the planar top surface adapted to activate the flexible heating element

Art Unit: 2875

in response to a temperature of the thermostatic switch falling below a predetermined threshold.”

***Allowable Subject Matter***

2. Claims 1-6 are allowed.
3. The following is an examiner’s statement of reasons for allowance: The prior art of record, including that which is listed below as pertinent, fails to disclose or render obvious an LED light base comprising a planar top surface having a plurality of LEDs mounted thereon; a plurality of cylindrical posts protruding upwardly from the planar top surface, each post defining a concave recess receiving a flexible heating element which is strung around the posts; the flexible heating element roughly circumscribing the planar top surface and emanating heat to a housing; and a thermostatic switch affixed to the planar top surface adapted to activate the flexible heating element in response to a temperature of the thermostatic switch falling below a predetermined threshold as called for in the claimed combination of independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Art Unit: 2875

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Please see the attached 892 which cites LED devices having heating elements and thermostatic switches for use in vehicular lighting, but again fails to disclose the particular arrangement and structure of such devices as described above.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alexander Garlen whose telephone number is (571)272-3599. The examiner can normally be reached on Monday - Friday, 9am-5:30pm, EST.
